Dear Members and Friends:

Serving as your President this past year was bitter-sweet. It was certainly an honor to serve on the Board of Directors these last 5 years amongst people I admire who were committed to give their time to help others succeed. Personally, I am grateful for all the wonderful friendships made through SCA, in addition to the excellent education received. In spite of everyone's efforts and ideas, the fate of our organization became inescapable.

The ballots on the question of dissolving SCA were received and counted. The tally follows:

93 members in good standing
60 ballots received
56 voted in favor of dissolution
2 opposed
2 abstained

In accordance with the bylaws and the resolution passed, the Board of Directors is moving forward with the formalities of dissolution.

In the meantime, you undoubtedly have concerns which we want to address.

Continuing Education History

Our Executive Office will continue to maintain records for the next seven years. Should you get audited by the CBA or need information regarding your SCA continuing education you may contact the office for assistance. In addition, portions of the SCA website will remain in place that will allow you to use the continuing education tracking feature for the next seven years. If you have taken education from SCA or an SCA Chapter, for your convenience, we have enclosed a copy of your continuing education report.

Membership Roster

One of the greatest benefits of SCA was the opportunity to meet and develop relationships with peers. SCA members have always been willing to assist each other, which has been a great resource. We have enclosed a list of members and their email addresses. Note: this list is meant as a resource to you as a former member of SCA. It is not to be shared or disseminated.

Future Continuing Education Opportunities

While there is an abundance of online courses and education opportunities, most of our members appreciate the benefits of a live presentation and networking with our peers. Personally, I have greatly benefited from membership in California Society of Tax Consultants (CSTC) and California Society of Enrolled Agents (CSEA), along with the list of benefits from National Society of Accountants (NSA). Enclosed is information regarding each of these organizations.

Some of the members in southern California are finding opportunities through the newly formed Arcadia CPA Group and/or SuperCPA. For information regarding either of these organizations you can contact supercpa@pacbell.net

If you have any questions, concerns, or just want to talk I am available and can be reached at (559) 439-0197.

Sincerely,

Claudia Stanley, CPA
SCA President

Encl.
